Mr. Howard Bamsey
Executive Director, GCF
Songdo Business District
175 Art center-daeoro
Yeosu-gu, Incheon 22004
Republic of South Korea

Dear Mr. Bamsey,

Funding proposal for the GCF by the United Nations Development Program (“UNDP”)
Regarding “Addressing Climate Vulnerabilities in the Water Sector (“ACWA”)
in the Republic of the Marshall Islands (“RMI”)

We refer to the project “Addressing Climate Vulnerabilities in the Water Sector (ACWA) in the Republic of the Marshall Islands as included in the funding proposal submitted by the United Nations Development Program to us on March 22, 2018.

The undersigned is the National Designated Authority/Focal Point of the Republic of Marshall Islands. Pursuant to GCF decision B.08/10, the content of which we acknowledge to have reviewed, hereby communicate our no-objection to the project as included in the funding proposal. By communicating our no-objection, it is implied that:

a. The Government of the Republic of Marshall Islands has no-objection to the project as included in the funding proposal;
b. The project, as included in the funding proposal, is in conformity with RMI’s national priorities, strategies and plans; and,
c. In accordance with the GCF’s environmental and social safeguards, the project, as included in the funding proposal, is in conformity with relevant national laws and regulations.

We confirm that our national process for ascertaining no-objection to the project, as included in the funding proposal, has been duly followed. We also acknowledge that this letter will be made publicly available on the GCF website.

Kind regards,

Clarence Samuel

Subject: Commitment of Support for the GCF Proposal:  
Addressing Climate Vulnerabilities in the Water Sector in RMI (ACWA)

Dear Mr Samuel

I am writing about the proposed project to be submitted by UNDP to the Green Climate Fund on behalf of the Republic of Marshall Islands. Having participated in the consultations, I fully understand the objectives of the project which is to “ensure water security by providing at least 20 LPCD for residents of outlying islands and atolls of RMI under climate change induced drought by 2045”.

Acting on behalf of the communities in my municipality who are direct beneficiaries of this project, I hereby express the full support for the submission of this proposal for consideration and subsequent approval by the GCF. Further, I commit to provide in-kind contribution to cover Operations and Maintenance of water-related assets that will be provided by the project that will include the following:

- Improvement of household and community rainwater harvesting schemes  
- Additional rainwater harvesting storage on a community basis  
- Installation of additional roofs for communities  
- Protection of existing groundwater wells

I look forward to the approval of this project and discussions during implementation.

Sincerely

- Additional rainwater harvesting storage on a community basis
- Installation of additional roofs for communities
- Protection of existing groundwater wells

I look forward to the approval of this project and discussions during implementation.

Sincerely,

Hon. Randall McKay  
Mayor, Maloelap Atoll
