Mr. Pradeep Kurukulasuriya  
Executive Coordinator  
UNDP-Global Environmental Finance  
New York, USA  
Date: 23 Oct 2019

**Subject: Co- Financing to the Green Climate Fund (GCF) project on  
“Afghanistan rural energy market transformation initiative - Strengthening  
resilience of livelihoods through sustainable energy access”.**

Dear Mr. Pradeep Kurukulasuriya,

This is to confirm the support of the UNDP Afghanistan Country Office to the Green Climate Fund (GCF) project “Strengthening resilience of rural livelihoods to climate risks through sustainable energy access”.

In this regard we would like to confirm UNDP Afghanistan’s commitment for co-financing the amount of \$1,000,000 as cash co-finance to be contributed during the project implementation. The co finance will be used for activities related to the construction of 3 solar greenfield minigrids as well as setting up a knowledge platform.

The proposal has been prepared jointly by the Government of Afghanistan and UNDP Country Office with the objective to strengthen building resilience against climate change impacts by expanding renewable energies for under-served populations in rural Afghanistan.

A handwritten signature in green ink, which reads 'Napoleon Navarro', is positioned above the typed name.

Yours sincerely,  
Napoleon Navarro,  
Senior Deputy Resident Representative
